To the hiring team at Asha Tea House,

I am applying for a position at the Berkeley location. I discovered the opening on Indeed.com. I am interested in working at Asha Tea House because I would really like to gain barista/server experience. I am looking for a full-time position until the end of August as that is when I have to return to school. I only recently discovered Asha Tea House and am excited to learn more.

I have had more or less two years of experience in volunteer customer service. Even though they were unpaid they were very important in learning the skill of customer service. The bulk of my customer service experience comes from the East Bay SPCA where I worked as a cleaner and then worked my way to feline socialization trainer. During this time I also continued to cultivate my organizational (keeping inventory of cat food, cat behaviour and laundry), multi-tasking (assisting in multiple adoption processes at a time) and communication skills (aiding potential adopters find their perfect cat matches). I think that I would be a really good fit at Asha Tea House because I really like brightening peoples' days and I think a good beverage (especially tea) can certainly do that and I would really like to be a part of that experience.

Thank you for your time and for considering me for the position. I have attached my resume and will follow up with an email next week to see if I can offer any more information.

Sincerely,

-Oliver Terry-Morales
